Worksite Advantage

We Help Protect You While You Work.

Our Worksite Advantage team partners with small to large businesses to provide a Section 125 Cafeteria Plan, designed to complement existing insurance by offering employees a budget-friendly option for voluntary supplemental insurance such as accident, cancer, or life insurance.

Our Worksite products are tailored to help you stay healthy while you work. We won’t replace your existing benefits packages, but will complement them with plans that fill in gaps your other providers may not cover, all while reducing overall taxable income to pass tax savings on to you. Plus, our plans are permanent and portable, so when you leave your current job, you can carry your coverage as long as you continue to pay the premiums.

Globe Life Liberty National Division has been a leading provider of supplemental life and health insurance for working families across the United States since our roots began in 1900. Through in-home and workplace sales, we provide local, one-on-one service to help protect the communities in which we live and serve from financial stress.
